Property Investment Specialists | Builder Broker | Specialist Disability Accommodation (SDA)

About *Us*

TRIPLE ZERO
Property Group

Welcome

Welcome to Triple Zero Property, where we aim to help Australians build wealth through property. Founded in 2008 on the Sunshine Coast by property specialist Danny Buxton, our team is made up of property experts, who are investors themselves. With a successful track record and a commitment to our clients, we are here to guide you on your property journey.

We have facilitated the construction of over 1,000 homes across QLD, VIC, NSW, and SA, helping investors, first-home buyers, and owners building their dream home.

Our focus as a business is on you, our client, offering tailored advice on the property market to maximise your investment with minimum stress.

Why Choose *us*

Personalised Property Strategy

We start with understanding your needs and goals to craft an individual property strategy that aligns with your vision and financial objectives.

Responsiveness

When you partner with us, you will receive competent and responsive advice and support. Our dedicated team will be beside you every step of the way.

Research and Selection

Our extensive network within the property industry allows us to handpick prime land options and negotiate fixed prices with financially strong, quality builders, ensuring our clients receive the best possible options.

Property Locations Australia-wide

We search nationwide and only work in markets that fit our strict criteria. Beyond research and analysing data, we always go one step further to ensure that we have boots on the ground in any location we suggest.

Project Management

We manage every aspect of the property development process, from site selection to construction oversight, and continue our support long after the keys are handed over. Our approach is designed to provide regular updates and continuous education.

Profit-Share Model

Our unique profit-share model, similar to how a mortgage broker gets paid, ensures our services are provided at no direct cost to you. We negotiate our fees with our preferred builders, who are rigorously selected for their quality and reliability. This model not only aligns our interests with your needs but also ensures transparency and that there are no hidden costs.

Relational Philosophy

Our approach is relational, not transactional. We believe in building lasting relationships with our clients, many of whom return as they expand their portfolios. This foundational principle has been key to our success and the success of our clients.

Our *Journey*

Beginnings

Triple Zero Property was founded in 2008 by Danny Buxton to offer a more personalised approach to property. After experiencing the limitations of large-scale property investment firms, he envisioned a business that supported everyday Australians to succeed in a complex real estate market.

Initially focused on helping front-line emergency personnel navigate the property market, we have since expanded to support Australians from all walks of life across the country. Our mission is to provide tailored property solutions and guidance to anyone seeking success in the real estate market, ensuring a more individualised and supportive experience.

Community Engagement

At Triple Zero Property, we believe in the power of giving back and making a meaningful impact on our community. Our initiatives include:

Investment in Special Disability Accommodation (SDA)

We are committed to promoting and investing in SDA properties, ensuring profitability while enhancing the lives of people with disabilities. The locations of these homes are carefully selected in communities where infrastructure is appropriate to support the participants' needs.

Social Housing and Support

Our work extends to social housing, particularly for individuals affected by domestic and family violence. We've partnered with community organisations to facilitate these critical investments, improving lives and fostering community well-being.

UniformsForKids

Danny Buxton co-founded UniformsForKids, an initiative that repurposes old emergency services uniforms into clothing for children in need, preventing waste and supporting vulnerable populations.

Educational Initiatives

We provide targeted education to help emergency services personnel secure their financial future, evidenced by our longstanding support for the ACWAP Awards, promoting excellence in law enforcement initiatives for women in the community.

Sponsorships and Charity

Our charitable initiatives reflect our deep commitment to community impact. We proudly sponsor children through Compassion Australia, support Bradi Owen Racing (Super 2 Series) and champion women in policing through our sponsorship of ACWAP. We also regularly participate in local charitable events, including fundraising for vulnerable children through the Everyday Foundation.

What our Clients say *about us...*

☆☆☆☆☆

Couldn't recommend triple zero property more then enough, I had been putting off buying an investment property for years simply cause I don't want the hassle of paperwork not understanding what I might be getting myself into. But Triple Zero handled absolutely everything and did it all professionally without being pushed, even as a FIFO worker with a time difference and extremely limited reception to make calls and send emails. Triple Zero team made the time and effort to make sure I was kept in the loop with every part of the build. Tony was 100% on the ball sending pictures and text with build updates. From the time I walked into their office to the time I got the keys Triple Zero was right there. 100% recommended.

Investor

☆☆☆☆☆

Triple Zero Property has found for me as a busy GP, over the past 15-20 years some 5-6 investment properties namely 4 bed homes in great locations as far as value growth. Now semi-retired, it's been a great superannuation portfolio for me with some incredible growth. Their attention to detail, help along the way, contacts, care, availability, etc have been outstanding.

My wife and I have now had the thrill of helping my 29 year old step son start a similar investment strategy. I have rarely had any loss of rentals as the properties have been so well chosen to allow one to comfortably pay off the mortgages with the rents and tax deductions etc.

Hence I highly recommend this company Triple Zero Property and their associated team of support to set you up with confidence and minimal fuss a great investment strategy.

Peter
Investor

Conclusion

At Triple Zero Property, we love helping positive and proactive Australians achieve their property goals. We look forward to assisting you on your property journey.
